Kanji & Kana is a comprehensive guide to the reading and writing of the Japanese language, providing all information needed to master basic characters (*kanji*) and the syllabaries (*kana*). It contains all 1,945 *Jōyō Kanji* plus a handy supplement of the 284 *Jinmei-yō Kanji* used in given names.

The Kanji Dictionary. Find Any Compound Using Any of Its Component Character

Lists 5,910 characters (7,062 counting variants) and over 48,000 multi-character compounds with their readings and English meanings.

What makes this dictionary unique among character dictionaries is that every compound is listed under each of its constituent characters. This multiple listing feature enables the user to look up the desired compound under whichever of its kanji he finds easiest to locate.
